POLYTECHNIQUE
DE PARIS

COMPLETION CERTIFICATE

The Chair Stress Test, RISK Management and Financial Steering, created by École polytechnique, the Fondation de l'École polytechnique and BNP Paribas, hereby awards:

Bajjou Mahmoud

**For the successful submission of numerical models evaluated
and approved by the jury.**

The Generative Modelling Challenge 2025 is a one-month data competition on generative modelling, running from 12 November 2025 to 11 December 2025, and focused on downscaling weather data to city-scale maps to better capture urban heat domes and improve extreme-temperature indicators for decision-making and risk analysis.
